Office Note

FILE No. 92 of 1893.

In letter N. 1448 of 11: February 1893 the President Municipal Commission of the Station of Bangalore states that the budget estimates of the Municipality for 1893-94 have been approved by the Commissioners & will be submitted after being printed & circulated to Commissioners.

2 In connection with the preparation of the budget estimates it was necessary to settle certain questions which are now submitted for the Resident's orders ~~into the~~ after they have been laid before the Commissioners.

It would have been advisable to have taken up these questions before.

to have
of submitted ^{there} with-particular reference

to the correspondence that has already
taken place on the subject. As however
certain changes have to be incurred
from April next the President might
probably have thought it better to
obtain orders on one single reference.

The first question is an increase to the
Tomb Duty Establishment at an additional
cost of Rs 1204 per annum as particularised
below:-

Increment to duty — at Rs 10 —	Rs 120 ✓
2 years to watch the store rooms day & night at Rs 7 each } 168 ✓	
2 years for extra work at 7 —	168 ✓
6 do do do — 6 each —	432 ✓
2 female watchmen — 4 —	96 ✓
For payment as awarded to deserving officials &c —	220 ✓
	<u>1204 ✓</u>

the Superintendent's Memo (which forms
enclosure) gives the reasons for the proposed
use. The sub-Committee have reported

that the past years experience has shown that there is a necessity for an increased establishment & the Commissioners have approved the proposals. Attention is invited to Sl. Nos 2 & 4 of File No. 125 of 1892 on this subject. It was intimated to the Govt of India when sanction was obtained to the levy of Turn duties that the expenditure on this account would be Rs 89,29 when the gross revenue therefrom was estimated at Rs 43,929. This fact was remembered when this establishment was sanctioned at a cost of Rs 89,16/- per annum. The receipts from Turn duties for 9 months during the current year amounted to Rs 32,335 & might not exceed the estimated amount of 43,000 for the whole year. To warrant additional expenditure of Rs

8916
1264
9980

a year the gross income might be Rs 49,861 or nearly Rs 50,000 on the scale the expenditure was before fixed to the income. It may be safely assumed that with the increase of establishment now proposed, an increase of revenue may be expected, but in any case the receipts will not come to Rs 50,000 | - It is not known what the estimated receipts under Town Duties in the budget for 1893-94 amount to. This information should have been furnished. Orders directed whether the increase applied for may be sanctioned or further particulars as regards the receipts for the year 1893-94 called for.

X
See Memo No. 11

+ The next question is for an application for increased expenditure under miscellany W. O. Shaughnessy.

detailed statement is clear and gives reasons for every item of increase. The amount of the increase is Rs 2732/- as follows:-

	Rs	
3 extra sweepers	180	wanted for the Illsow Village
Wight soil carts	1000	The present stock is bad & deficient An extra 20 is urgently wanted.
House rent for Conservancy overseers at Rs 5/- a month	480	Strongly recommended in the interest of Conservancy & to keep overseers in their sub-divisions
1 Watchman for Conservancy store	72	Very much required
Contingencies for unforeseen expenses in cases of sickness & for many purposes that cannot be separately estimated for now	1000	
	<u>2732</u>	

Including this increase the total expenses on Conservancy amounts to Rs 39
abk
or 19 p.c of the total Municipal

The Commissioners have approved the increase under Conservancy which may if approved be sanctioned

6 The next matter brought forward is certain improvements to be carried out to the existing Hospital buildings. These are detailed in the Residency Surgeons letter No. 23 of 18th January 1893 which forms an enclosure to the letter under proposal & consist mainly of the following additions

By Order
Civil Hospital

Quarters for five nursing sisters
A separate building to accommodate four self-paying patients.

Two similar buildings to that which has been recently erected for contagious diseases.

Two additional wards similar in design & dimensions to the existing general wards.

8 rooms with a covered-in passage to replace a similar set of rooms which it is proposed to liberate for the use of non-paying special cases certain other improvements.

It is said that the Resident agreed

to the above proposals when he visited the Hospital ~~area~~ with the Resident, Municipal Commissioner

7- The Ex. Engineer of the Municipality estimates the cost of the improvements at Rs. 30,000/- The Commissioners intended before to spend this amount for the Contagious Hospital but this scheme has since been ^{virtually} abandoned for reasons advanced by the Resident in this Office letter No. 3771-282-92 of 26 November 1892. The Commissioners & the Sub Committee on budget for 1893-94 have approved the proposed improvements of the existing Hospital and suggest that the required money be raised by a loan.

Slaughter Houses.

8- As regards the construction of the new slaughter houses we have asked in sl. No. 26 of file No. 521 that estimates & plans should put in hand. The Commissioners voted a sum of Rs. 30,000/- for

purpose the Sanitary Board have already expressed an opinion that the position of the present slaughterhouses in the heart of the town is highly objectionable & that they ought to be removed to a site outside the town but it is recorded by the First Councillor Resident in the margin of sl. H. 26 of File 526 of 1889 that the Resident is in favour of the slaughterhouses remaining where they are. If the slaughterhouses are not to be removed there will be no necessity to provide for the 30,000 rupees voted by the Commissioners otherwise this amount must also be raised by a loan as desired by the Municipality. In this connection it may be observed that the late Sir Oliver St John was of opinion that 20,000 rupees would be sufficient for the new slaughterhouses.

Paras of Office note
in File 184
90

9. In accordance with the proposals the minute as now submitted a sum of 30,000 is required in connection with the improvement of the

Construction of the new Slaughter Houses
 & the Commissioners apply for the sanction
 of the Govt to raise this amount by a
 loan. Please see section 9 of the
 Municipal Regulations. It has not
 been stated upon what security
 the loan will be raised nor has
 any ~~been~~ information been given
 as to the rate of interest or about
 the terms as to the time of repayment
 &c. Under this section it is necessary
 to submit the estimates of the two works
 in question to the Govt of India & these
 have not been sent. If the President
 be inclined to favour the proposals
 of the municipality, the particulars
 above detailed should be obtained
 before the Govt of India is addressed
 on the subject. There appears to be
 no particular hurry in this matter
 and the Commissioners might to be
 submitted the proposals in a more

complete manner than what has been
 been done. It may here be mentioned
 that when a loan was once before
 intended to be raised for the Slaughter
 Houses Sir Oliver St John was of opinion
 that the debentures (for £20,000) should
 be repayable in seven years and
 bear 6 per cent interest, & that if four
 thousand rupees per annum is set aside
 from the receipts of the slaughter houses
 to cover interest & principal, it would
 almost do. May the President be asked
 to submit detailed proposals as regards
 the loan ~~to~~ to be raised the information
 required under Sec. 91 of the Municipal
 Regulations being at the same time furnished?

Para 17 of Official
 in File 184

10. The last question referred to in the
 President's letter under disposal is that
 of house rent for the Asst. Surgeon of the
 Municipal Civil Hospital. This matter engaged
 the attention of the Board before but nothing
 is settled. Mr. Appender's application was

strongly supported by the Board of
Superior, & the Municipalities (Mr
Oleff excepted) have resolved to

grant him a house rent of \$5.30 a
month. Sanction is solicited to the
payment of this sum from 1st April
1893

Mr. Appiah is a Government
servant whose services have been
transferred to the Municipality
any remuneration received by
such an employe in foreign
service should be agreed to
under the rules by the Local
govt who effected the transfer
House rent is it is believed in-
cluded in the remuneration and
the payment must therefore
be authorised by the ~~the~~ Chief
Commissioner of Govt under whose
orders Mr. Appiah's trans-

Article 806 clause IV
Civil Service Regulation

was effected

12. The Assistant Surgeons in Mysore are provided with free quarters & where such quarters are not available, they are ^{it is believed} granted house rent. It is not known whether Assistant Surgeons in the Madras Presidency get free quarters ~~and~~ or house rent but as this concession appears to ~~be~~ prevail in the adjoining Mysore State there seems no objection to give Mr Appiah the house rent of Rs 30/- voted by the Commissioners. It might be interesting to know upon what grounds Mr Olcott took an exception to the grant of house rent to Mr Appiah. The detailed proceedings ^{They contain nothing on the} might contain an account of the discussion that took place on the subject. May the house rent be passed submitted for favour of orders

13. As regards the Estab for the Collection of Loan dues it is I submit, rather premature to talk of raising the pay of the ^{to} employees the Estab has not been working a year yet and we don't know what the act realisations will be.

The proposals to strengthen the Estab^t by additional perss & female teachers seem reasonable maybe sanctioned; namely:-

2. 1st Cl. perss @ \$7/- each to guard the Store rooms, and 2 perss @ 7 each & 6 perss @ 6 each for the Cakes: also 2 more female teachers.

The proposed grant for new air

to
The Pay of the ^{Sup^{ing}} is to be raised by \$10/-
It is enough ^{reason-}
mended by the Com^r.
See Pg. 1/a
Kf

Seems high. \$220. I maybe
 sanctioned at 62. 150. till
 we see how the Estab: is really
 working.

14. The reasons assigned for
 the increase under "Housewary"
 seem sound, excepting that
 the provision of 62. 1000. for
 unforeseen expenditure seems
 high; and maybe reduced
 to say 62. 600.?

15. The third matter the kind?
 letter refers to is improve-
 ments to the D C Hospital
 and construction of new
 slaughter house. These
 matters were it is true
 dealt with by the Sub Com
 mittee who dealt with the
 budget of 93. 94 but pro-
 bably have nothing whatever

So as with the budget they should have been taken up quite independently of the budget & separately dealt with the Pwnt may be so informed if the suggestions offered on page 10 are approved.

16. The next item is home rent to Acc^t.-Legeron Appeal which though passed by the Comm^{rs}? requires the official sanction of the Ch. Comm^{rs} of County

22.2.93

17. The budget may be sanctioned with the exception of the wages of the Deputy of Collector & other duties as movement can be sanctioned until the year results are known
(ii) 150/- is sufficient for record
(iii) 600/- Contingencies for Comm^{rs} as required. (1) addition to B.C.

(ii) execution of Sample House
They do not come within the
consideration of the budget &
will be dealt with separately
proposals & be submitted when

21 Looking at the different sources
 of income, and comparing the
 Estimate for 93-94 with that
 for 92-93, one finds very little
 difference: the following are
 the only items calling for any
 remarks: there is an increase
 of Rs. 2000/- under "Iron duties"
 which may be allowed to stand:
 a decrease of Rs. 2995/- under
 "Lighting" which is due prin-
 cipally to the tax on kichy
 buildings having been reduced
 by the G. of India all the
 following items from III Lighting tax

IX Miscellaneous call for
 notice. Under X Transfers
 Contributions have been

item "Prisonary Contribution"
 This is put down at Rs. 2280/-
 may be added, as well as the
 sum of Rs. 8400/- for repairing
 Military Roads. — The Total
 Revenue is estimated at
 Rs. 237,110 which may be accepted

Slit. A

22 We have now to consider the
 Disbursement Side of the
 Budget to begin with the
 Total Estimate of Rs. 93.94 is
 put down at Rs. 2,17,052 to which
 we have to add several items
 sanctioned since the receipt
 of the Budget

23 To simplify matters I
 note here the expenditure
 that has been specially sanctioned
 by this Office lately and
 which is added to the
 sanctioned expenditure

in almost every case

Under Loan Dues	Rs 1014/-	Included in Budget enabling adms of 1892
Under Conveyance	2332/-	Rs 400/- added in excess
Under B & B Hospital	360/-	Included
Under Miscellaneous (^{Refers to} House Assessment)	1000/-	To be included. File 3851
	<u>4706/-</u>	92

In addition to the above items
the P.W.D. has since the receipt
of the budget in this office
proposed additional exp.
as follows: —

Cost of printing Draft of the proposed Regulations	300/-	File 233 92
Unsampled works on 31.3.93.		
Some of which were sanctioned last year & are not current.	14,539	Vide Letter No. 1051132. of 14.6.93. apt. 93.
Supplemental list of underfallowing	765/-	- 50/-
	<u>15,604-8-</u>	
Total of above	<u>20,310-8-</u>	

Now as regards the details
of expenditure the Lch. pt.
below marked DB shows
difference between the

estimates for 1892-93 & 1893-94.

Provision has already been made in the budget for the enhanced pay of the Supt. N. L. L. which is at Rs. 1100/- p.m. & which has now been sanctioned if approved and for the increase in pers. ex. which has already been sanctioned.

- 25 The difference (decrease) of Rs. 1000/- under "Lat. on house ex." is owing to no provision being made for a temporary exch. for the collection of areas. Rs. 1000/- was provided in this account in the budget for 1892-93. (It would be interesting to know what has been the result of this entertainment of this temp. exch. & how the areas are. Should - may print be asked

Rs. 450/- per
asked for & provided
Rs. 1.5-93

481

22

the balance of the difference under this head is owing to the transfer of two hands to the Head Office under which a corresponding increase will be found.

26

There is an increase of £ 120/- under Supr. & Management owing to the pay of the Collector having been raised by the Commr. from £ 150/- to £ 160/- per m. The remark opposite this item is "Provision is made for an annual increment of £ 10/- sanctioned by the Govt. Commr." which the maximum pay of the Collector is then we are not told - probably 300/- ~~the Municipal funds Commr.~~ ~~sanctioned~~ - It is quite within their province to sanction this increase.

2

The increase of £ 1044/- under Head Office is owing to the transfer of two hands as pointed out above

and to an increase in the number of persons which this Officer sanctioned in Nov 92

28. We come now to the largest item on the Disbursement side of the Budget namely Public Works the Estimate is $\text{Rs } 66,284/-$ and is less than that of the previous year by $\text{Rs } 17,733/-$. The Estimate is the same - but of the incomplete works less the additional sum mentioned in para 23 of this letter namely $\text{Rs } 14,539/-$ which raises the total to $\text{Rs } 80,823/-$. This however includes a sum of $\text{Rs } 8,400/-$ which is received from Govt for the upkeep of Mil. Roads - so the actual exp. under this head may be taken at $\text{Rs } 72,423/-$ twenty two thousand 7. which is intended for Cantonment Roads as called

66282
<u>10539</u>
80823
<u>8400</u>
72423

28

It also includes £1660/ the
spent in altering the steeple of
St Andrews Kirk for the Jubilee
Clock The Estimate may
be passed for ~~£81500/~~ ⁸⁰⁸²³

29

The next item calling for
notice is the Estimate for the
R. C. Hospital here there is
an increase of £ - 360/- which
represents the House Rent of
the Ambulance Hospital we have
already sanctioned the Estimate
however has to be further raised
by £. 802/- for a Supplemental
Estimate has been put forward from the
Maidenhead this may be
passed

To meet a bill for

Cost of 24 iron

30

The charges under Vaccination
have been raised by 6d per the
pay of a Vaccinator having been
raised from £10 to £15 per

31

Provision has also been made
a grant and to the Methodist
Baptists of £300/-

32 The next item is Conservancy
the estimate for which is \$39,624.44
in excess of that for 92.93 by
\$1,972/- To the estimate
however must be added a
sum of Rs. 765/8/. vide para
23 of this a/c. - The estimate
may be passed at Rs. ³⁹⁹⁸⁹~~40389~~

High Soil Cuts 390/.
Clothing — 375/8

See 84.90

33 The increase of Rs. 1022 under
"Lighting" is owing to the grant
of a time allow^{ce} of Rs. 15/- per
to the Lighting Inspector: &
the contract for lighting being
at 1.2.6 per lamp instead of
1.2- the rate in the previous
year. - The estimate may stand

34 The increase of Rs. 446/- under

cepted the estimate requires

less Rs. 25/- of 1896 - This
has accordingly been done.

 of a temporary establishment of draughtsmen
 for a period of 3 months, @

39. The M. Eng. also asks
 that the pay of the overseer
 £25.00 be increased from
 the 60 + 15 now allowed £3.80 + 20,
 with a view to a thoroughly
 qualified man being secured for

 There is, however, only one

Memo

1. From experience gained during the past nine months it has been found that two peons in each Otkad are insufficient to effectually guard the road and by paths situated near it. When one of the Peons happens to go home for his meals or in charge of a consignment to the Board Warehouse the other man who remains behind cannot possibly watch the main road as well as the Orers or bye paths. If any consignments arrive, while one of the Peons is absent, they have to be detained at the Otkad until his return, which may be after the lapse of one or two hours thereby causing annoyance and inconvenience to merchants and dealers. As the cost of providing an extra peon to each of the 8 Otkads, where there are only two at present, will add considerably to the expenditure, it is therefore proposed that some of the most important Otkads only be strengthened for the next Official year. For this purpose 2 first class Peons at 7 Rs. and 4 second class Peons at Rs. 6 are required.

2. The present staff of 4 Peons to search the passengers at the Madras Railway Platform is quite inadequate, as noted by Mr. Hewetson the District Superintendent of Police, who has had several opportunities of seeing personally the difficulties under which this work is performed at present. Two additional men are needed here.

~~The~~ Thousands of Maunds of tobacco besides the collections of the day are deposited, has no interior communication with the store room in which valuable cigars and cases of American tobacco are kept, it is recommended that two additional peons on Rs. 2 each be provided. This will raise the staff to six, and they will be employed as follows.

I. Two Peons to guard the Bonded Warehouse and storeroom by reliefs from 6 A.M. to 9 P.M. and take charge of all consignments of Tobacco, Betel leaves and Cocoanuts received during these hours, and see that they are not removed unless covered by passes. At night two Peons to guard the former building and one the latter.

II. In addition to the above duties the Peons who are not on guard will convey remittances to the Ad Office, and escort consignments for exportation to Oohads on the frontier.

Some dozens of carts and puthas from the Pettah and City Railway Station pass the Sydney and Race Course Road Oohads daily, with purdahs hanging at front and back, which are not removed under the plea that there are goshas females inside these conveyances. Two female searchers are required at these Oohads to examine such conveyances in order to see ^{that} they do not contain dutiable goods besides.

A sum of Rs. 250/- is required to be allotted as a secret service fund to be disbursed as rewards or to meet incidental

54

expenses connected with the detection of
smuggling of dutiable articles. At present
when prosecutions result in convictions
half the amount of fines are awarded by
the Court to the informant but very often
this moiety is very insignificant as the
case is dismissed on technical grounds,
or the accused unable to pay the fine elects to go into jail.
It is only in such cases or where services
of outsiders are employed that this fund
will be resorted to.

Authorized in your letter as above,
leaves a net Income of Rs: 33,118-11-0
and I therefore request you will
be so good as to obtain the
Residents Sanction to the increase
of Rs: 10 per month recommended
to be added to the present Salary
of the Town duty Superintendent

2. A Sum of Rs: 150 is sanctioned
in the letter under acknowledgment
for rewards to deserving officials
of the Town duty Establishment,
but as information of attempted
smuggling is sometimes received
from private parties, I request
you will be good enough to obtain
the Residents Sanction to my
applying a portion of the amount
so allotted, to rewarding these
parties, as well as the Town

Please see your no 236 dt.
1st May/93 The Budget is now in
the Prep and it is awkward to receive
applications for inclusion of more items,
since this is the 2nd ~~time~~ ^{time} the Budget went
to the Prep, however, I have ordered
the inclusion of the items. The in-
clusion of more pay to an overseer
seems necessary, but I cannot see
necessity for the temporary establish-
ment for drawing up plans for
B.C. & G. H. The present P.W.D.
Municipal Establishment costs about
Rs 369 p m exclusive of 500 p m.
for Municipal Ec. Engineer's pay;
~~for fuel & oil~~

In reply to your

The Resident has been asking for plans for L. Homes, both these and B.C.H. enlargements are municipal work, and there are no large public buildings in the station to look after or large works in hand. If such works are to be treated as extra or requiring Extra Establishment what is the present P.W.D. Estab for your total outlay on Pub works for 93/94 including everything is 80,823, and moreover the Resident has been impressing on the Commisnaries the necessity for economy to provide funds for water supply.

Cannot O'Shaughnessy do these plans etc. with ^{the} ~~his~~ present Estt. Shumacher will I presume have his own plans and estimates drawn up for approval; and thus ought to begin the work for which a temporary Estt is applied for. At any rate no steps must be taken to entertain the temporary Estt until I have had time to put it before the Resident and get his orders. Perhaps you wd. talk.

Letter No. 236, dated the 1st May 1893, from the President, Municipal Commission, Civil and Military Station of Bangalore and this Office Letter No. 1590—92-93, dated the 9th May 1893, regarding the increase in the pay of the Overseer, P. W. D. and a temporary establishment of draughtsmen.

ORDER—NO. 1778—92-93, DATED BANGALORE, THE 26TH MAY 1893.

The result of the correspondence cited above was to raise the estimated amount of revenue during the year 1893—94 including the actual cash balance on the 31st March 1893, from Rs. 2,61,800 to Rs. 2,83,240, and the estimated expenditure from Rs. 2,17,052 to Rs. 2,35,293, leaving a probable balance of Rs. 47,947 on the 31st March 1894.

2. The anticipated revenue from all sources is very much similar to what it was in the previous year, and the only item calling for remark is the sum of Rs. 45,000 under "Town duties." The estimate under this head for the year 1892—93 was Rs. 43,000, but the actual realisations amounted to Rs. 43,119. Hence the increased provision for 1893—94; and taking this fact into consideration the Resident has sanctioned the increase proposed to the pay of the Superintendent, Town Duty Department.

3. The estimate under "Lighting" has been reduced by nearly Rs. 3,000, the amount payable by the Municipality in lieu of a lighting tax on Military buildings in the Civil and Military Station having been fixed by the Chief Engineer, Military Works, Madras, under instructions from the Government of India, at Rs. 1,950 a year.

4. The item of Rs. 40,705 under "Transfers and Contributions" includes a sum of Rs. 8,400 on account of the upkeep of Military roads in the Civil and Military Station, a similar sum being provided under "Public Works" on the disbursement side of the budget. Nothing on this account appeared in the esti-

*Proceedings of the Resident in Mysore,
No. 1778—92-93, dated Bangalore, the 26th May 1893.*

mates for the year 1892—93, as the question of control and supervision was then undecided. It has since been arranged that the Military Department are to contribute Rs. 300 per mile for the upkeep of such roads.

5. The item of "Pensionary Contribution" appears for the first time under "Transfers and Contributions;" this represents the contributions from municipal employes towards their future pensions, the Government of India having approved of the proposition of the Commissioners that service under the Municipality should be pensionable; the pensions being regulated in accordance with the Civil Service Regulations, and paid from municipal funds.

6. There are no material additions on the disbursement side of the budget compared with the estimates for the year 1892—93.

7. In connection with the arrangements made for a temporary water-supply for the Civil and Military Station of Bangalore, with the approval of the Government of India, the Municipality will have to contribute towards the scheme. No provision on this account, however, has been made in the budget, and the municipal share which amounts to about Rs. 33,067 will reduce the anticipated cash balance on the 31st March 1894.

8. In conclusion, the Resident would again impress upon the Municipal Commissioners the necessity there is for not incurring any avoidable expenditure, as a portion of the cost of the permanent water supply scheme will have to be met from municipal funds in the near future.

9. With the foregoing remarks the municipal budget for the year 1893-94 is passed: the revenue at Rs. 2,37,110 and the expenditure at Rs. 2,35,293, leaving at the close of the year a probable balance of Rs. 47,947 inclusive of the actual cash balance on the 31st March 1893.
